

You're busy.

There's lots to do at your business and lots of details that need your personal attention. When do you have time to research and study ways to make your operation more competitive and increase your bottom line dollars?

The time is now!

On **Wednesday, June 24<sup>th</sup>** from **9:00 a.m. to 5:00 p.m.**, **Caron/East** is sponsoring the 2009 Topcon Technology Roadshow in **Richmond, Virginia**.

This will be held in Ruritan Park @ 8131 Walnut Grove Road, Mechanicsville, VA 23111

On **Thursday, June 25<sup>th</sup>** from **10:00 a.m. to 2:00 p.m.**, **Caron/East** is sponsoring the 2009 Topcon Technology Roadshow & Customer Appreciation Day in **Cumberland, Maryland**.

This will be held at the Mountain View Pavilion in Rocky Gap State Park (Exit 50 off I-68).

**As part of our Customer Appreciation Day, please enjoy a free lunch while checking out the Technology Road Show!**

In an action-packed program, representatives from Topcon and **Caron/East** will present information that will save you time and money and show the latest technology to increase efficiencies on any job.

Here are a few things you'll see at the get up-close-and-personal roadshow:

- GRS-1: The latest survey and GIS instrument
- 9 Series Robot: Advanced, wireless robotic total station system with integrated radio.
- GLS-1000: Full-featured laser scanner that's as user friendly as a total station.
- IS: Long-range imaging scanning and imaging total station
- FC-2500: World's most advanced and toughest field controller.

Every minute of your time is valuable. Plan to attend the Topcon Technology Roadshow and let the experts show you how precise positioning has the best return-on-investment in the business.
