800-25CARON (252-2766) | www.caroneast.com | sales@caroneast.com

ChrisNik's rock hard MAG NAIL® has become the chosen nail among surveyors worldwide. It out performs any survey nail, period!

Benefits of MAG NAIL®:

- *Magnetized for Fast, Easy Detection*
- *Six Durable Sizes Available*
- *Larger center point*
- *Zinc plated-ROHS European compliant.*

The MAG NAIL® has also been coated with a environmentally friendly zinc and clear chromate to resist corrosion.

New Stainless Steel MAGNAIL®

Stainless Steel MAGNAIL / No magnetism.

- * Part # 251500SS 1 1/2" x 1/4" List \$60.00
- * Non-Corrosive Survey Nail
- * Ideal for bridge projects
- * 100 nails per box

MAGNAIL® OUT PERFORMS ANY SURVEY NAIL PERIOD!

Made in the USA

List Price

3/4"	1"	1 1/4"	1 1/2"	2"	2 1/2"	3 1/2"
\$7.29	\$9.32	\$13.46	\$18.18	\$21.45	\$26.38	\$29.08

MAGNAIL® is 2-4 times easier to locate with a metal detector!

The new MAG HUB® is magnetized for easy detection and galvanized coating to resist corrosion. It has a large center point and looks like a standard survey marker. The MAG HUB® is less than half the price of a stake and is easy to carry. Not made to be driven in concrete or asphalt.

List Price \$75.00 a box or all sizes

They are boxed in 30 lb. boxes.

MAGHUB®

MAG SPIKE®

The newest, toughest and easiest to find Survey Spike money can buy!

Made in the USA

Made from our own combination of premium steel that produces the most durable marker in the industry. Like the MAG NAIL® you can **Pound it Harder and Find it Farther!** The MAG SPIKE® is magnetized for easy detection. Its large center point and 1" diameter head makes it great for control points and property corners. Zinx plated- ROHS

PIPE-MIC® II

(Pronounced "PIPE MIKE")

Measure pipe inverts and sizes fast, easy & accurate

- Measurements are more accurate because you are measuring with a vertical plumb rod.
- Made for Crain 25' SVR, USL rods and our new double sided Pipe-Mic II® rod.
- Made of lightweight (two pounds) non rusting aircraft aluminium.
- No tools needed to attach to rod.
- Slides on & off rod in seconds.
- New round foot design slices through material at bottom of pipe and insures accurate invert and pipe diameter measurement.

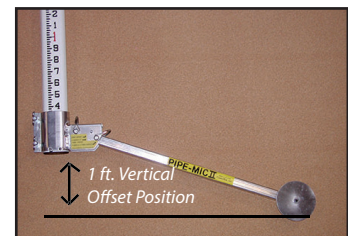

By pulling a pin in just seconds you can go from zero to 1 ft. vertical offset for clearance under rod.

NEW THREE FOOT ARM WITH WHEEL!

BENCHTIE

The Vertical Surface Control Point

The BENCHTIE will save you time and money by allowing all benchmarks and ties to be plotted on work sheets for easy reference. The BENCHTIE is designed to be used with the information tag. Once the BENCHTIE is set and located, information can be recorded on the tag with a permanent marker. This will enable the surveyor to leave a benchmark that is easily identified and used by others.

- Recessed dimple on top for prism pole
- High visibility tag for marking data
- Resections are made instantly and accurately
- Light weight
- Pre drill to set in concrete
- Use in trees or poles as permanent or temporary benchmarks

To Order:

There are 20 BENCHTIES with tags per box. Order per box.
Available in Yellow.
